

HONGQI

Harmony in All Enduring Trust

HONGQI E-HS9

Worry-free driving technology

Equipped with a large capacity 120kWh ternary lithium battery, paired with an efficient electric motor control system and an energy recovery system, The E-HS9 achieves a WLTC range of 548 km, freeing your travels from range limitations.

Conquers all roads with proven capability

The E-HS9 is equipped with an Electric Intelligent Four-Wheel drive system, accelerating from 0 to 100 km/h in just 5.5 seconds. With 7 all scenario driving modes, air suspension, IDCS shock absorber, and speed sensitive power steering, it delivers millisecond level driving control response, allowing you to experience a harmonious and effortlessly controlled driving experience.

Ventilated disc front brake+ Ventilated disc rear brake

Dual-motor electric all-wheel-drive system

Hongqi, A Legacy Deepened by Time

Est.1958 | Over Six Decades of Excellence

We have been rooted in the automotive field for over sixty years, carrying the founding spirit of China's national automobile industry and standing as a cultural symbol for generations.

1958

In 1958, the first Hongqi premium sedan was produced.

1960

In 1960, Hongqi sedans debuted at Leipzig Fair and Geneva Motor Show, becoming a global luxury icon.

1970

In 1970, Prince Norodom Sihanouk rode in a Hongqi CA72 convertible.

1996

In 1996, the Hongqi sedan became the designated vehicle for national-level government events.

2021

In 2021, Hongqi E-HS9 exported to Europe.

2025

In 2025, Hongqi Golden Sunflower global pre-sales began in Abu Dhabi.

2024

In 2024, the King of Malaysia officially became the first global honorary owner of Hongqi LS.

Shaping mobility for your world

Elegant

In design, Hongqi's smooth, dignified, grand and refined lines convey oriental elegance.

Leading

In technology and craftsmanship, Hongqi leads globally by integrating intelligent driving, new energy and masterful manufacturing to redefine luxury engineering.

Reliable

In craftsmanship and aftersales care, Hongqi delivers confidence, reliability, and trust throughout ownership.

Waterfall Grille | Intelligent Matrix LED Headlight | 21-inch Five-spoke
Two-tone Alloy Wheels | Hongqi Classic Chrome-plated Side Flag Badge
Smart Display C-pillar (Integrated Charging Indicator) | Full-width Taillights

A commanding presence of eastern luxury

The Hongqi E-HS9 inherits the core brand philosophy of "Harmony & Trust," combining luxury, comfort, and a serene experience for both business and family use. It is designed to cater to a diverse range of lifestyles.

The E-HS9 pursues symmetrical aesthetics and adopts the golden ratio. The front fascia is powerful and majestic, the side profile stands tall and upright, the overall design is dignified and striking, the side profile upright and elegant, creating a dignified and striking overall design.

Meeting your high expectations of quality

The E-HS9 perfectly blends an executive-level commanding presence with a high-tech electric driving experience. The leather-wrapped surfaces showcase a premium texture, while the triple-screen interactive design and ambient lighting with 256 adjustable tones highlight a high-tech atmosphere.

A surprisingly versatile and luxurious space

Four-zone automatic climate control

BOSE Centerpoint® Surround Sound System

Trusted full-coverage protection

The E-HS9 integrates four major safety systems: body safety, driving safety, battery safety, and anti-theft safety.

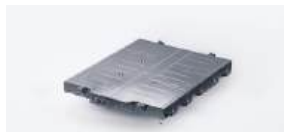

It also features a baby and mother friendly healthy cabin, leveraging robust technology and strict standards to deliver on the promise of worry-free mobility across all driving scenarios.

Body safety: 9H ultra-high-strength architecture

Driving safety: Full dimensional active safety system

Battery safety: Uniquely designed side battery protection, IP68 rotation, 1500-cycle battery life and an industry first Power Battery Fire Suppression Technology.

Anti-theft safety: Physical and electronic anti-theft systems, APP remote monitoring

Baby and mother friendly healthy cabin: PM2.5 pollen filtration system, natural eco-friendly materials, for a fresh and clean breathing environment.

An elevated welcome experience

always putting safety first.

Product Configuration

E-H59 Overseas RHD Equipment Definition (Long-endurance Southeast Asian version)

Seat

- Electrically adjustable functions of the driver's seat and front passenger seat (8 modes of the driver's seat, 6 modes of the passenger seat.)
- Memory function of driver's seat and front passenger seat
- Manual seat depth adjustment of driver's seat and passenger seat
- Ventilation and massage functions of driver's seat and front passenger seat
- 4 manually adjustable headrest functions of front seat
- Electrically adjustable functions of second-row seats (4 modes)
- Ventilation function of the second-row seats
- 4-position headrest adjustment function of the second-row seats
- Second-row seats integrated with 2 sets of upper and lower fixed points for child seats
- Electrically foldable backrest of the third-row seats

Refuelin

- Charging port (DC+AC integrated) (Right rear side)
- Charging reservation management

Chassis

- Brake energy recovery system
- 7 driving modes
- Ultimate driving mode
- Drive mode-responsive HMI & ambient light
- Acoustic vehicle alerting system
- Electric power steering
- DCS shock absorber
- Air suspension
- Entry/exit leveling function
- Tire repair tools
- Electronic parking brake
- Direct tire pressure monitoring device
- Anti-lock braking system (ABS)
- Electric brakeforce distribution (EBD)
- Hydraulic braking assistance (HBA)
- Traction control system (TCS)
- Electronic stability program (ESP)
- Controlled deceleration for parking (CDP)
- Auto vehicle hold (AVH)
- Hill hold control (HHC)
- Change to Roll-Over Mitigation (ROM)
- Hill descent control (HDC)

Light

- Matrix intelligent full LED headlight
- Automatic light
- Intelligent light (such as intelligent high beam)

- Rear combination light
- High-end daytime running light
- Corner light
- Front grille breathing light
- In-car reading light
- C-pillar light
- Atmosphere light mode selection
- Welcome/VIP/exit light
- Welcome light on exterior rearview mirror
- Illuminated LED scuff plate
- Delayed closing at night
- Sequential turn signal (rear lights only available)

Car door

- Pop-out hidden door handle
- Electric trunk (with memory function)
- Anti-pinch function for tailgate
- Electric suction door

Steering wheel

- Electric steering wheel adjustment
- Automatic steering wheel adjustment
- Steering wheel wrapped in genuine leather
- Memory function for steering wheel positions

Audio

- BOS® brand sound system equipped with 15 speakers

Smart driving

- L2.0 level intelligent driving
- Speed warning based on TSR (traffic sign recognition)
- Braking/active safety system
- Anti-collision warning
- Blind spot detection
- Rear cross-traffic alert when reversing
- Lane departure warning system
- Lane keeping assist (LKA)
- Lane change assist
- Camera occlusion warning
- Smart adaptive cruise control (SACC)
- Traffic sign recognition

Glass/interior and exterior rearview mirrors

- Soundproof glass for the whole vehicle
- UV resistant/insulated glass
- One-touch power windows for all doors
- Anti-pinch function for all car windows
- Exterior rearview mirror function (Electric adjustment / Auto-tilting when reversing / Power-folding / Auto-folding when locking the car / Heated / Position memory)
- Auto-dimming interior rearview mirror

Key/car lock

- Auto-locking doors when driving
- Rear door electronic child lock
- Keyless entry
- Keyless start
- Key-activated light, voice response
- Key remote control to close car windows
- Key remote control to open trunk
- Vehicle electronic anti-theft system
- Interior central lock
- Intelligent entry
- Intelligent locking
- Walk-Away auto lock

Air conditioner

- Automatic air conditioner control
- Four temperature zone air conditioner
- Air conditioner rear control function
- 8-pillar air vent
- Second-row air vent
- Heat pump air conditioner
- PM 2.5 filter
- Pollen filtration
- External & Internal temperature sensor
- Interior humidity sensor
- Sunshine sensor

Safety

- Driver's seat airbag
- Front passenger seat airbag
- Front airbag
- Rear airbag
- Front/rear head airbag (air curtain)
- Front pre-tensioning force-limiting seat belt
- Second-row pre-tensioning force-limiting seat belt

External configuration

- Active closed intake grille
- Panoramic sunroof
- Rain-sensing wiper
- Rear wiper
- Adjustable headlight height

Internal configuration

- Electric adjustment of sunroof sunshade
- Second-row 12V power supply
- 12V power supply in the trunk
- Second-row cup holder
- Rear seat folding switch in the trunk
- Intelligent folded makeup mirror with LED lighting
- Pre-wired interface for dash cam
- Front 2 mobile phone wireless chargers, charging power 50W

- Number of TYPE-A/TYPER-C ports:1 TYPE-A (with transmission)+1 TYPE-C in the front row, 2 TYPE-C in the second row, and 2 TYPE-A in the third row
- Electronic column shifter
- Pre-wiring for alcohol lock
- Charging cable kit (includes V2L discharge cable and mode 2 charging cable)
- Warning triangle
- Onboard tool kit

Smart cockpit

- 8.88 inch instrument screen + 15.6 inch central + 15.6 inch front passenger screen
- HMI boot animation
- Multi-screen interaction
- In-vehicle system language (Chinese/English/Thai/Malay/Indonesian)
- FM function
- Panoramic view image
- Convenient entry/exit system for driver's seat
- Car bluetooth
- Mobile car connectivity (Carplay®, Android Auto)
- Online music (Spotify)
- Online navigation(Standard Equipment:South-east Asia map package,Optional Equipment:Hong Kong & Macau map package)
- Online video (YouTube)
- Multi-device seamless transfer function
- 4G network
- Car Wi-Fi hotspot
- Natural voice control (Chinese/English/Thai)
- Car wash mode
- Camping mode
- Pet Mode
- OTA (Singapore, Thailand, Malaysia) - (Hongkong, Macau OTA feature removed)
- E-CALL
- Remote vehicle control via phone (Remote door unlock, Remote window control, Remote charging management, Vehicle location tracking, Vehicle status monitoring, Remote air conditioning control)

Technical Specifications

Car body	
Total length (mm)	5209
Total width (mm)	2010
Total height (mm)	1713
Wheelbase (mm)	3110
Curb weight (kg)	2636
Maximum full load mass (kg)	3146
Approach angle (°)	21.3
Departure angle (°)	21.4
Minimum ground clearance (mm)	175
Rear trunk volume (L)	255-1767
Drag coefficient (Cd)	0.326
Single-side roof rack(kg)	435

PE System (Power Electric System)	
Battery type	Ternary lithium battery
Battery capacity (kWh)	120
Electric drive selection	Front M180-150 with disconnect rear M160
Motor type	Permanent magnet synchronous motor
Total motor power	203kw/160kw
Maximum torque	306Nm/300Nm
Voltage platform	400V
Fast charging power (kw)	140
0-100km/h acceleration time (s)	5.5
10%-80% fast charging time (min)	48
Maximum speed (km/h)	200
Pure electric range under WLTC (km)	548
Electric consumption under WLTC (kwh/100km)	23.2
Drive type	Intelligent electric four-wheel drive

Other	
Number of Seats	6
Suspension	Double wishbone independent suspension + Trapezoidal arm independent suspension
Brake	Ventilated disc front brake + Ventilated disc rear brake
Front/Rear Tire brand and Specification	MICHELIN® 265/45 R21
